Extracting Homeroom Lists of Student Couriers from MyEducation BC

Many Elementary schools use a Family Courier to take home the important newsletters, notifications, etc. To extract this information as to which students are listed as the Family Courier in the program, you will need to use the following steps:

School View>Student Top Tab>Details Side Tab~~make certain that every student in your school that should be listed as the family courier has the Yes filled in

Next you will need to use the following steps to set up your Query for this extract:

School View>Student Top Tab>Options>Query

The steps to set up your Query are:

Tables: Student>click Sort A-Z>Fields: Family Courier>Operator: Equals>Value: Yes>click And>click Search

After clicking the Search button, the program will send you back to your Student Top Tab, but it will only show the list of students that have the Family Courier as a Yes. You will now need to use the following steps to print these lists by Homeroom:

Student Top Tab>Reports>Other Jurisdiction>Homeroom List
